Who is Mobics?

We are a small company. Who specialize in industrial automatization and machine vision. We sell our machines and software internationally. As to Europe, USA, Asia and Oceania. We are the world market leader in textile scanners for the industrial laundry business. We develop the mechanicals, electronics and software in house.

Job Description

As a Mobics Support Engineer, you make the end users at renowned companies happy every day thanks to your friendly and competent demeanour. You will have direct customer contact with various requirements within the scope of 3rd Level Support – remote and on site – quite neatly describe the position you would like to have:

- You will help users with their problems and requests, thus putting a smile on their faces
- You will provide support to engineers onsite. For hardware and (our) software related issues.
- You will analyse errors, maintain hardware, install and configure new software / hardware, advice over hardware / software renewal.

Requirements

- You live in The Netherlands
- You are a technical person and like to troubleshoot technical issues
- You have driving license B and a car
- You have strong working knowledge of MS Windows Operating Systems
- You have fluent English and Dutch language skills and are motivated to do something good for our customers
- You like to travel internationally to visit customers once in a while.

What do we offer?

- A secure job in an growing international company
- Exciting projects in your own responsibility with diverse challenges
- Wonderful team spirit and a great working atmosphere in a friendly team
- Direct and open communication
- Very good opportunities for professional and personal further development
- Mentor programme for an easy start for new employees
- Room for your own ideas and suggestions for improvement as well as their quick implementation due to brief decisions making processes
- Travel expenses.

Job Types: Full-time, Contract, Permanent

Salary: Depending on your education, work experience and skills €2,500.00 to €3,500.00 per month. Based on a 40 hours work week.
